## COMES HERE TO ANSWER CHARGE

George Krack of Vincennes, Until  
Recently Milroy Druggist, Ac-  
cused of Selling Whiskey.

### INDICTED BY THE GRAND JURY

Krack Pleads Not Guilty to Three  
Charges and is Released on  
\$100 Bond in Each Case.

George Krack, of Vincennes, until two months ago a druggist of Milroy, appeared before Judge Megee this morning to answer three charges for the illegal sale of intoxication. He was indicted by the last grand jury and came here with his father, Frank Krack, on his own accord, answering the warrant sent by the sheriff.

In the three indictments he is alleged to have sold one-half pint of whiskey to Ray Richey on or about January 1, one-half pint of whiskey to Bert Lyons and one quart of whiskey to Albert Land. In the indictment charging the illegal sale to Lyons the time is placed on or about January 6 and in the indictment in which he is alleged to have sold the quart to Albert Land the time is definitely fixed as December 12, 1913.

Wallace Morgan appeared for Mr. Krack and moved that the indictments be quashed. Judge Megee after hearing the argument decided that the indictments were good and overruled the motion. Krack was released on \$100 bond in each of the three cases, his father going on his bond. The cases will likely be tried this term of court.

In seeking to quash the indictments the defendant held that it was necessary to give the exact time and that the words "intoxicating liquor" as set forth in the indictments were not enough. On these grounds it was attempted to have two of the indictments quashed while not much effort was made to quash the one in which it was alleged Krack sold the quart to Albert Land.

In the indictments it stated that Krack received thirty-five cents for the two half-pints of whiskey and \$1.25 for the quart he sold to Land. The argument on the motion to quash was heard this morning and Judge Megee returned his decision this afternoon.

## FUNERAL TO BE TOMORROW

Miss Septrona Bailey, Age 70, Dies  
at Andersonville Home.

The funeral of Miss Septrona Bailey, age about seventy years, who died yesterday at her home in Andersonville, will be held at the late residence to morrow afternoon at two o'clock and burial will take place in the Baptist cemetery north of Andersonville. Her death was due to cancer of the face. She resided with her two brothers, Richard and William Bailey, both of whom were bachelors. In addition she is survived by two sisters, Mrs. Clara Myers and Mrs. Susan Abercrombie, both of Andersonville.

### ALLOW CLAIMS.

The county commissioners were in session today but nothing of importance was done. Most of the time was taken up with allowing claims. The board will meet again tomorrow.

India is developing an important turpentine industry, though it does not yet supply the home market.

## DIES AFTER LONG ILLNESS

Mrs. Sarah Logan Succumbs at  
Home in Manilla.

Mrs. Sarah Logan, 83 years old, widow of the late Thomas Logan, died last evening at five-thirty o'clock at her home in Manilla after a long illness. Mrs. Logan had been ill suffering from cancer of the stomach and because of her advanced age death had been expected. She was a well-known resident of Manilla. Mrs. Logan is survived by a number of children. The funeral services will be conducted tomorrow afternoon at two o'clock at the late residence in Manilla and burial will take place in the Hurst cemetery.

## COMPLETE PLANS FOR BARGAIN DAY

Sub-Committee of the Retail Mer-  
chants Committee Holds "Big  
Wednesday" Meeting.

### OUTDOOR ATTRACTIONS

A sub-committee of the retail merchants committee of the Chamber of Commerce of Rush county met last night at the C. of C. headquarters in the Odd Fellows building and completed the final arrangements for the first "Big Wednesday" of the season which will be held May 20. Plans were made for raising the money to defray the expenses of the day and other details were attended to.

Tentative announcements have already been made concerning the entertainments for the day. It was definitely settled last night that there would be two different high class outdoor attractions. One platform will be located in the court house yard and another will be erected at the corner of Second and Main streets. Afternoon and evening band concerts will be given and the motion picture shows will be free from one to five in the afternoon.

## PROF. O. L. RABER TO LEAVE FACULTY HERE

Head of Science Department in High  
School Accepts Assistantship  
in Harvard University.

### HE HAS HAD TWO GOOD OFFERS

Prof. Oran L. Raber, head of the science department in the local high school, today tendered his resignation to the school board, to take effect at the close of the present term. Mr. Raber has received two offers, one from Chicago university and the other from Harvard university, the latter of which he has accepted. Mr. Raber will be in charge of an assistantship in the department of Botany, which will probably be assisting in the laboratory of plant physiology.

Prof. Raber received his degree from Indiana university and after a year of experience in teaching, he came to this city, where he has taught for the last two years. He will also complete his master degree in Harvard. He is a brilliant young man and is destined to have a great future. It will be with much regret to the local board and the students that he will leave this city, and all wish him much success in his new field.

## CONTEST WILL BE HELD HERE

Meeting to Determine Who Shall  
Represent Sixth District in State  
Oratorical Event.

### IT WILL TAKE PLACE MAY 15

Final Contest Between District to  
Determine State Winner at  
Bloomington May 29.

L. B. Smelser, teacher of public speaking in the high school, has just been notified that he was successful in his efforts to bring the sixth district contest of the State High School Discussion league to Rushville. The meeting to determine who shall represent the district in the state contest at Bloomington, May 29 will be held May 15.

The rules of the League call for a county contest to determine who shall represent the county in the district contest, but as no one has signified their intentions of trying for the honor with the exception of Vernal Casady, it is likely that he will be representative.

The rules and regulations of the league are self explanatory and are as follows:

All Commissioned, Certified and Non-Certified High Schools of Indiana are eligible to membership, and any bona fide undergraduate student of same under 21 years of age may compete.

The entire series shall consist of a local contest, a county contest, a district contest, and a final contest. Each contest shall be for individual honors. The winner of the local contest shall represent his school in the county contest; the winner of the county contest shall represent his county in the district contest, and the winner of the district contest shall represent his district in the final state contest.

The topic for discussion in all contests shall be, "New Constitution for Indiana." Each participant shall attack the subject from his own view-point, and shall have eight minutes for constructive speech, and three minutes for rebuttal speech. The order of speaking shall be determined by lot immediately before the contest, and shall prevail both in the construction and rebuttal speeches. Judgment shall be rendered upon the basis of effective discussion, considering both thought and delivery. No participant shall be permitted to use a manuscript. All contests shall be public.

The topic for discussion in all charge of the local school authorities, and can be held at any time prior to the county contest. The number of participants in local contests shall not be limited.

Each county chairman shall have general control of the county contest of his county.

The district contests shall be held

## MEXICO CITY IN 5 WEEKS

Mexicans Rebels Hope to Capture  
Capitol in That Time

BY N. C. PARKE  
(U. P. Staff Correspondent.)  
El Paso, Tex., May 5.—That the Rebel forces will possess Satillo and Tampico within five weeks and will be prepared for a final attack on Mexico City was the prediction at Rebel headquarters today. Official dispatches tended to confirm the report that the Federals had evacuated Satillo, fearing Villa's attack.

## ALARM FELT FOR CONSUL'S SAFETY

Administration Attempts Today to  
Verify Report That John R.  
Spillman is Held by Maas.

### NERVOUSNESS IS APPARENT

Officials Frankly Admit Situation at  
Vera Cruz is Menacing With  
Mexicans Ready to Fight.

(By United Press.)  
Washington, May 5.—The administration was alarmed today over the report that John Spillman, American consul at San Luis Potosi, Mexico, had been held prisoner by General Maas for almost two weeks. Many messages were sent today making inquiries in an attempt to verify or disprove the reports.

A feeling of intense nervousness pervaded official Washington this afternoon. Fears that a sensational break was imminent in the Mexican situation was privately voiced by officials. None would give any reasons for this opinion.

Secretaries Bryan and Daniels, the only cabinet members who would discuss Mexico at all, talked hopefully. Their view was that the situation seemed to be working slowly but surely toward a satisfactory settlement. For publication, at least, they contained to hold the view that the elimination of Carranza from the mediation negotiations was in no way ominous.

Other officials held an opposite opinion. They very frankly characterized the Vera Cruz situation as menacing. They insisted there could be no doubt that the Federals there were preparing to attack the Americans.

Should such an attack take place they said it must be followed by an immediate advance by Funston's men. If the Americans are forced to take the aggressive, they feared it would set all Mexico aflame and bring about what Huerta has been aiming at all along, amalgamation of all factions against the United States.

### SMOKESTACK IS OVERBOARD

(By United Press.)

New York, May 5.—That a large steamship whose identity still remains a mystery has been destroyed by fire in the path of European ships was established beyond a doubt when the following wireless message was received today from the North German Lloyd line steamer, Seydlitz at the local offices.

"Passed largest steamship which was entirely on fire and had evidently been burning for some time. Convinced no one was on board. Name of steamer unrecognizable. Smokestack overboard."

The message was signed by Captain Hargenmeyer. It was relayed here from Sable Island and was dated May 4.

## TRIAL UNDER WAY TODAY

Several Witnesses Heard in Blake-  
mon-McCann Case at Columbus.

(By United Press.)  
Columbus, Ind., May 5.—The third witness in the ten thousand dollar damage suit of William Blakemon, colored, against Marion McCann, white, which was sent here on a change of venue from Rush county, had been examined up to noon, but nothing except that which has been gone over in former trials was developed. A jury was obtained by noon yesterday and the opening statements were made during the afternoon. Blakemon's claim for damages are based on a false prosecution and false imprisonment charges.

## ENGINELESS TRAIN PLOWS 350 FEET

Derailed Near Lowell, Ind., Today  
When Mail Clerk Strikes Switch  
as he Throws Pouch.

### FOUR ARE SERIOUSLY HURT

(By United Press.)

Lowell, Ind., May 5.—Twenty persons were injured, four seriously, today when Monon passenger No. 4, bound for Chicago, was derailed. A mail clerk struck the switch accidentally when he threw the pouch. The train was running three hours behind schedule.

The engine remained on the track and for 350 feet the engineless train of five cars plowed along the embankment, knocking down telegraph poles, which pierced several wooden coaches.

Those severely hurt were: Miss Dorothy Crawford of Chicago; Miss Mary E. Helm of East Huron, Ky.; Miss Ann Ray, Louisville; C. Unson, negro porter.

## FOUR GRADUATE IN UNION

Township Commencement Will be  
Held Wednesday Night.

The Union township high school commencement will be held Wednesday night in the Plum Creek church. The address will be given by the Rev. C. W. Whitman, pastor of the Liberty Methodist church, and the music will be given by the Wagoner orchestra of this city. The high school is commonly known as the Ging-Glenwood school. There are four members of this year's class. The graduates are as follows: Grace Clifton, Hazel Hall, Rea Ging and Gladys Newman.

## OLNEY REFUSES POSITION

Declines Wilson's Offers to Head  
Federal Reserve Board.

(By United Press.)

Boston, May 5.—Richard Olney offered the position of governor of the new federal reserve board, by President Wilson, sent his former declination to the President today. He refused to give out the contents of the letters, evidently preferring all information should come from the President.

## DELINQUENTS ABOUT AS USUAL

Amount of Taxes Left on County  
Treasurer's Books no Larger  
Than is Customary.

### SOME PERSONS PAY UP TODAY

Failure to Pay Spring Installment  
Makes Fall Installment Auto-  
matically Fall Delinquent.

This morning only a few hours after the last possible time for paying the spring installment of taxes, several taxpayers went to the county treasurer's office and paid their taxes, including delinquency, which is ten per cent. of the total tax.

The law provides that once the spring installment goes delinquent, the whole year's taxes become due automatically. Further than that the taxpayers not only has to pay the spring and fall installment with the per cent for delinquency, on the spring installment, but also on the fall installment. Approximately fourteen thousand dollars were collected yesterday. The office was not closed until 11 o'clock last night as it was necessary to square accounts the last day. The county treasurer thought the delinquency was not greater than usual this year. All taxes received by mail up to closing time last night were not considered delinquent.

It has been the custom of some treasurers to allow the payment of taxes without the per cent. for delinquency, providing the letter in which the payment was sent bore the postmark of the last day of the legal taxpaying season. This practice has been general until recently.

County Treasurer McBride says the state board of accounts has ruled that taxes sent in by mail must reach the county treasurer's office by the last day for paying taxes. It is held by the state board that it was unfair to allow persons sending checks by mail this privilege, because it might be shown that a man started from California in person the last taxpaying day, but would not arrive until several days after the close of the season.

It was considered unusual that the sum of delinquent taxes should be no larger this spring than last because a few weeks ago the sum of taxes yet unpaid was much larger than usual. At the same time this year the rush did not seem to compare with the customary clamor toward the latter part of the season.

## Mr. Dealer, Do You Watch the News- papers?

Do you keep track of the nationally sold products now being advertised in the newspapers, so that you can take advantage of the demand?

The manufacturer who is using the newspapers of your town is making a market right at your doorstep—a market for you.

Make your windows and your displays of such a nature that you will reap the harvest.

It is plain business sense to do so—to put your own push behind the pull of the other fellow's advertising so that the dollar will flow your way.

That is co-operation for the benefit of your own pocket.

Why Not Pay More?

## For Sherwin-Williams Paint Than For Some Others

REASON No. 1—Because there is 20% more pigment in a gallon can and pigment costs more than oil.

REASON No. 2—Because the formula is on the can; you get just what you pay for—an honest paint.

REASON No. 3—There is no coal oil or cheap mineral oil in it.

REASON No. 4—It has stood the test for 60 years and more calls than any 3 mixed paint on the market.

Why, there must be a reason. Come in, let us talk paint to you.

## INCREASE IN SOME DISEASES

While Tuberculosis Has Decreased

There are More Deaths From Heart Trouble and Others

ANOTHER FORM OF TAXATION

State Takes Better Care of its People Than Citizens do of Themselves Says Hurty.

(By United Press.)

Indianapolis, May 5.—The state of Indiana takes better care of its people than the citizens do of themselves, according to Dr. J. N. Hurty, state health commissioner. He says that while contagious diseases controlled by the state are diminishing, the degenerate diseases, under individual control, are increasing in prevalence. He directs the public attention to the fact that increase in disease is just another form of increased taxation.

He writes as follows for the United Press:

BY DR. J. N. HURTY  
(State Health Commissioner)

Since 1900 the deaths from tuberculosis have decreased eight and four-tenths per cent. The typhoid deaths have decreased thirty per cent and the diphtheria deaths seventy per cent. This is very gratifying, but we must not be satisfied, for we can do much better, and besides contentment would mean stagnation, which is the beginning of retrogression.

While rejoicing over our fair victory we must take cognizance of other facts that our vital statistics reveal. These facts are that deaths from heart disease have increased twenty-two percent and brain diseases thirty percent. This means that infectious and contagious diseases, which the state undertakes to control are growing less, but the degenerative diseases, which perforce come under individual control, are increasing. We eat, drink, worry and drug ourselves into heart, kidney and brain diseases.

Dr. Oliver Wendell Holmes has written:  
"God gave his creatures light and air  
And water open to the skies.  
Man locks him in a frightful lair  
And wonders why his brother dies."

In the club car of the New York express after a hearty dinner of meats and rich foods topped with black coffee, fifteen men were gathered still further to disturb their health balance of heart, kidneys and brain with liquors and nicotine. Before retiring, I saw two of the certain-to-be-elected candidates for apoplexy or brights take tablets to make them sleep. These suicides doubtless wonder why women are so much freer from the degenerative diseases than men.

Disease is plainly self inflicted. It is latent in man at all times on account of his persistent violations of the laws of well being. Insurances and other collected data shows that probably not more than twenty-five per cent in any community, are doing a full day's work such as they would be capable of doing if they were in perfect health. This adds to the length of the school course, to the cost of production in all directions, to decrease in happiness and increase of taxes.

We are all fighting increased taxation by railing at the taxing powers, not recalling that ill health and disease with their attendant inefficiency crime, insanity, pauperism and feeble mindedness are the cause. Man has ever endeavored to secure strength by lopping off the branches of evil instead of laying the ax at the root. To lesson taxes one must obtain better health—and with it the accompanying efficiency.

## Kiss Your Washboard Goodbye!

Take a Rest While WASHEE WAFERS Clean the Big Wash in 30 Minutes.

There has never been anything in all history like WASHEE WAFERS. They are the new scientific discovery for cleaning clothes, and the wonderful part.

of it is that they contain not an iota of lye, potash, alkali, soda or any of the various washing compounds which eat up and ruin clothes. One WASHEE WAFER to a big boilerful of clothes will loosen and remove every particle of dirt from every part of your clothes, even from those places where the dirt is just ground in, and make the clothes whiter and cleaner than you ever had them before—all in half an hour while you are sitting down taking a rest. WASHEE WAFERS operates through the combustion of millions of tiny steam globules in the water. There is nothing in WASHEE WAFERS which can possibly "eat up" clothes. Try them on wash-day and see a modern miracle take place. They clean wool, linen, muslin, cotton, the finest laces, any cloth to perfection. Your clothes will wear longer if you use WASHEE WAFERS. Quit your slavery at the tub, forever. Save laundry bills by cutting out the laundress. WASHEE WAFERS do all the cleaning. All you do is rinse the clothes and hang them up to dry.

WASHEE WAFERS, 4 in a package, enough for 4 big washings, are sold at all grocers, 10c a package, or sent direct by THE REYEM CO., Wabash, Ind. WASHEE WAFERS are sold in Rushville by all Leading grocery Stores.

## We Have Noticed that a FLEA is In a Class by Himself

when it comes to getting results—no matter how big his territory he covers it and after he covers his territory you know he has been there. The only difference between the territory we work in the buggy business and the territory the flea works in is we leave everybody in a satisfied frame of mind and we reckon the flea doesn't. There are lots of fellows selling buggies, however, that are like the flea. They jump over lots of territory, get a bite here and there and don't care whether you are satisfied or not, but we do want your business all the time and that is the reason we make our buggy guarantee as good as old line life insurance. We tell you what to expect from a buggy we sell you and then see that you get it. That is the way we are going to keep what we have and build more. We want you in on this proposition and extend you an invitation to call on us for your vehicle needs.

**Amusements**

The Princess offers a two reel Vitagraph feature "Doctor Polly," for the first picture tonight. Lillian Walker and Wallie Van are featured. It is a comedy-drama and is said to be a novel production. The other is a Biograph comedy "Because of a Hat."

The Gem will show a two reel Victor drama "The Stepmother" for the first picture tonight. Florence Lawrence is featured. It is said to be a dramatic production and is an interesting picture. The other is a Nestor comedy entitled "One of the Finest." Eddie Lyons and Beatrice Van are featured.

"In Hearts Adrift," the feature picture which will be shown at the Portola theater next Friday, matinee and night, Mary Pickford, the remarkable "movies" star, portrays a character entirely new to her followers, that of Nina, a little castaway, who is washed ashore, after a shipwreck, on a South Sea Island. Nina survives the hardships of the desolate island, and leads a primitive life subsisting on fruit, fish and herbs, and contriving crude garments from skins and fibre. This charming, natural environment will add interest to the naive, bewitching characterization of Miss Pickford. Mary Fuller will have the leading roll in "The Ghost of Mother Eve," which will be shown tonight. The second number of "Dolly of the Dailies" will be on the program. "A Fight For a Million," a big feature, will also be a part of the program.

**Society News**

### Chapter 1,000.

The thousandth chapter of the story of the return to the Republican party may be found in the dispatch from Pittsburg which tells of the complete registration returns which have been announced there. Other chapters will be added rapidly because the "get together" movement is apparent in every section of the country.

The most astonishing and gratifying fact to Republicans that may be gleaned from the returns is that the total Republican registration is five times as great as the vote for Taft in 1912. Furthermore, an even more astonishing revelation is that the Republican registration is almost a thousand greater than the total vote cast for all candidates for president in the same territory in 1912.

The total presidential vote in the city and county in 1912 was 126,334. Strange as it may seem, the registration now shows 127,941 Republican voters. In 1912 the Republican vote, or the vote for Mr. Taft for President, was 23,822. The Democratic vote, or the vote for President Wilson in 1912, 31,417. The Democratic registration this year is only 19,452.

The combined strength of the registration of the Washington Progressive, and Roosevelt progressive parties, is less than one-fifth of the vote cast for Roosevelt in 1912. Pennsylvania members of the congress asserts that in spite of the fact that Gifford Pinchot is the Progress-

sive candidate for senator in the state, the showing in Pittsburg is an indication of the "get together" movement that is going on throughout the state.

### Two Good Men

The following tribute is paid to Hugh T. Miller and Judge Ed. Jackson, candidates respectively for United States senator and secretary of state by W. S. Chambers, a member of the Democratic state central committee in his newspaper, the New Castle Times:

"We wish to congratulate the Republicans on two nominees on their state ticket, Judge Ed Jackson for secretary of state, and Hugh Th. Miller for United States senator. The people of this community are familiar with the arrangements of a familiar with the attainments and high ideals of Judge Jackson and know that he would make an excellent official. It has been the pleasure of the writer of this paragraph to serve on the board of trustees of one of the state institutions with Hugh Th. Miller for the last four years. He is a man of unusual ability, and a close student of all public affairs. As a man he is a fine character, and the Republicans of Indiana have honored their party by selecting him as their leader for this year."

### What Our Neighbors Are Talking About

#### Time to Stop

(Washington, Ind. Herald)

Governor Ralston, in his apology to the people of Indiana for the extravagance of the recent five years of Democratic state administration, contained in his speech as temporary chairman of the Democratic state convention, declared that the Democratic legislature had increased the net levy of taxes for state purposes but 6 3/4 cents on the \$100 of taxables. Only 6 3/4 cents on the \$100! That sounds like a trifling increase, doesn't it? But wait—take your pencil for a moment.

That means \$6.75 on each \$100.00 of taxables; \$67.50 on each \$100,000; \$675.00 on each one million of taxable property. The total tax valuation of property in the state of Indiana is \$1,898,207,235. For the sake of ease in making the calculation we shall call the sum in round figures one billion, nine hundred millions. That is, nineteen hundred millions. Nineteen hundred times \$675 is, therefore, \$1,282,500. That's what the little levy of 6 3/4 cents on the \$100 added by the recent Democratic legislature to the taxation rate for state purposes alone will cost the taxpayers of Indiana each year. Nearly a million and a quarter dollars more than last year. At the same time the tax valuations of the assessments of 1909, the last year of Republican administration, the aggregate sum of \$155,760,760.

Isn't it high time for the people of Indiana to begin soberly to take stock of conditions? Isn't an invoice about due? Aren't they ready to check this wild rush of the politicians for more government, more additions to the already large army of public officers, more burdens for the already overburdened taxpayers? In the name of common sense, how far do these persons who storm the doors of political conventions with their imperative demands and threat-

ening insistence for more laws and more taxation expect to go?

Direct primaries! Constitutional conventions! Registration laws! Commission without number! Widows' pensions! Old age pensions! Teachers' pensions! A man with official authority and in the pay of the state standing in espionage over every producer, over every citizen whose enterprise and thrift spur him on to achieve things! There must be a halt, else the ever rising tide of taxation will swell and swell until it becomes a legalized process for the indirect confiscation of property.

## MEDIATION IS ON THE ROCKS

A. B. C. Diplomats Will Have to  
Shorten Scope of Plan Which  
Would Pacify All Mexico.

### CARRANZA REJECTS PLAN

Life of American Consul at San Luis

Potosi is Threatened by Mexicans, According to Reports.

Washington, May 5.—Meditation for the pacification of Mexico is on the rocks; meditation for a settlement of the differences between the United States and General Huerta continues, but without prospect of success.

The A. B. C. meditators have withdrawn their tender of good offices for the pacification of Mexico so far as General Carranza is concerned, owing to his refusal to appoint a representative to confer on the fundamental question of peace in Mexico. General Carranza and his militant lieutenant, General Villa, have been dropped by the meditators as possible parties looking toward a reign of quiet in their turbulent land. As a result, meditation is near confessed failure.

General Carranza's acceptance of friendly offices is necessary to peace in the southern republic; General Huerta's acceptance of President Wilson's demand for his elimination is necessary to a satisfactory settlement of their differences; both essentials are lacking. This is the tenor of reports from the mediation conference tonight.

Government departments tonight gave out no information regarding the situation at Vera Cruz, where 11,000 Mexican troops are camped in a circle about that city.

At the close of the afternoon meetings of the A. B. C. mediators, which Secretary of state Bryan attended, it was reported that they had informed the Secretary of State that they were ready to abandon their program for the present. It was stated, although no announcement was made by members of the conference, that the mediators had undertaken a settlement of the Mexican situation with out preference or favoritism to any faction, but that they had become convinced that the United States is using their offices to play Carranza against General Huerta.

News reached here that John R. Silliman, acting American Consul at San Luis Potosi, has been a prisoner in the hands of General Joaquin Maas, a Federal Commander, for 11 days, and has been threatened every night with execution.

The information about Mr. Silliman's predicament was brought to Vera Cruz by two American newspaper correspondents, who had come to Mexico recently on the invitation of Provisional President Huerta. They also were imprisoned, but were afterward released.

Reports of Federal activities in the interior from Vera Cruz were received. General Gustavo Maas was said to have blown up the San Francisco Bridge on the narrow gauge railroad, which was the line used by General Scott in his advance on Mexico City in 1847.

Mexican Charge Arrives in New Orleans Today and Will go Post  
Haste to Washington.

### HUERTA HELD UP HIS MAIL

(By United Press.)

New Orleans, May 5.—"I'm dam glad to be back in the United States," said Nelson O'Shaughnessy, former United States charge in Mexico, whom he arrived here today from Vera Cruz. He will leave here tonight, going direct to Washington.

A messenger boy waited at the dock all night with a telegram which O'Shaughnessy said was from Secretary Bryan instructing him to hurry to Washington with all possible haste.

"I don't expect to be sent back to Mexico City," he said. "They usually send back a new man."

Asked his opinion of Huerta, he said his dealings with him were largely of a business nature and he could not express his opinion.

"The situation was acute when I left," he said. "Huerta had held up my mail and telegrams for two days."

Wear The Watch While You Pay

### "The South Bend" Watch

DESIGN—Bridge model of latest design.  
PLATES—Genuine nickel—not brass nickel plated as in many makes—insuring an even expansion and contraction in changes of temperature.

JEWELS—Selected ruby and sapphire jewels throughout—are harder and not so easy to chip or break as the garnet jewels generally used.

ESCAPEMENT—Double roller—this overcomes all danger of over banking which would stop the watch.

STEEL ESCAPE WHEEL—Harder than the brass commonly used.

LEVER SET—Protects you against accidental moving of the hands.

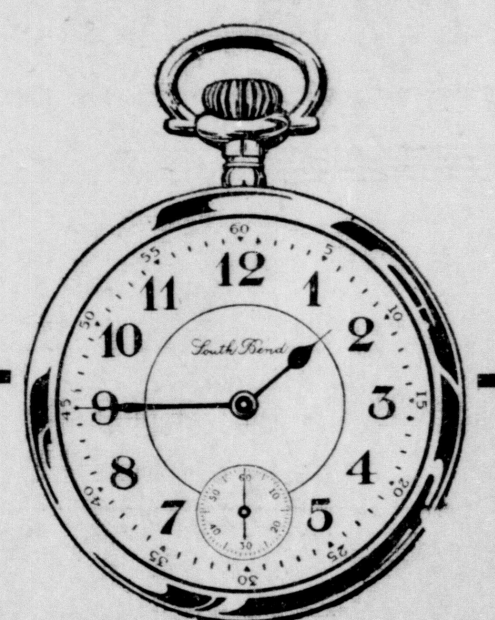

REGULATOR—A patent piezometer nut and screw—no danger of back lash.

BALANCE WHEEL—Compensating—automatically adjusts itself to changes in temperature, etc.

HAIR SPRING—Breguet—the very best made.

ADJUSTMENTS—Temperature isochronism and three positions. Very closely rated under each one of these adjustments.

FINISH—Very highly and beautifully finished throughout. Gold lettering.

### "The South Bend" Watch

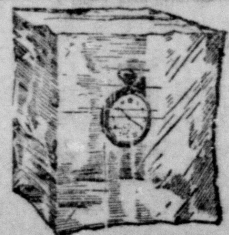

You have the privilege of selecting your case from a large assortment of artistically engraved cases of different designs, or you can have plain or Roman finish if you desire.

The case is guaranteed for 20 years and we give you a certificate stating how much gold there is in the back of the case. The case is built especially for the movement thus insuring greater accuracy.

### What We Will Do For You

We agree to adjust the watch to your person and guarantee its keeping accurate time as long as it is not abused in any way. The manufacturers stand back of us in making this guarantee.

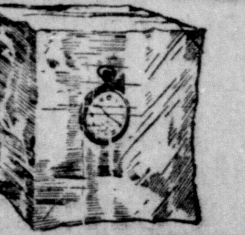

If the watch does not give you accurate service, we will give you a new watch in exchange.

### SPECIAL TRAIN TO SHELBYVILLE

Will Carry Rushville Rooters to Oratorical and Track Meet to be Held There Friday.

OVER 100 WILL MAKE TRIP

Enthusiasm at High Point in Local School and Team Hopes to Make Good Showing.

A special train over the Pennsylvania has been chartered to carry the crowd of high school students to Shelbyville Friday for the oratorical and track meet of the Central Indiana High School league. The train will leave at eleven o'clock Friday morning and returning will leave Shelbyville at eleven-thirty o'clock that night.

The tickets for the special are good returning on any regular train and the regular fare of eighty cents for the round trip will prevail. In order to secure the special train it was necessary to guarantee the railway company one hundred people and all who plan to go to Shelbyville are urged to buy their tickets of Prof. Smelser.

The track meet will begin at one-fifteen o'clock and the train will reach Shelbyville in time for this. Yell practice in preparation for the event is being held every evening after school and the Rushville delegation of rooters will be well organized. Rushville expects their orator, Miss Leah Flint to capture the oratorical contest and the supporters will root hard for a victory. Miss Flint will give her oration tomorrow morning at eight-forty o'clock before the high school.

The local high school is showing great enthusiasm over the track and field meet as well as over oratorical. While the track team does not expect to win the meet the team expects to make a good showing. Only a small team will be taken and the events in which Rushville will be represented are the dashes, shot put and relay. The team has no pole vaulter, hurdlers or distance runners and will be content to make a showing in the dashes.

Other schools in the contest are Greenfield, Westfield, Sheridan, Greenwood, and Shelbyville. The local team has been practicing every day and hopes to make a good showing. Shelbyville is preparing to entertain a large crowd from all the cities represented and the first meeting of the league will no doubt be a success.

### TO HOLD A "BOOSTERS DAY"

Huntington Men Repeat Successful Venture of Last Year.

(By United Press.)

Huntington, Ind., May 4.—Committees of Huntington business men will soon be easy scouring the surrounding territory, distributing posters and bills, advertising "Booster day" which will be held here June 2. This day was a big success last year in attracting attention to Huntington. When the Commercial Association started a subscription list recently with a gift of \$100, the merchants fell in line and sufficient funds were forthcoming immediately. Huntington promises to furnish adequate entertainment for visitors on that day.

### EXPECT GREAT BATTLE SUNDAY

Sanford For Rushville Will be Opposed by Jack Pfeister, Former Cub, For All-Pros.

HIGH CLASS ATTRACTION

Team Composed of Players Who Have Seen Service in Major and Minor Leagues.

(By Doc Hiner.)

The Rushville team faces one of the hardest games of the season Sunday when it meets Jack Benny's bunch of All-Professionals of Cincinnati. Benny's team is composed of players who have seen service in major and minor leagues. It is the intention of the Rushville management to give the fans the best attractions and this team is one of best of the season.

Manager Fisher has succeeded in retaining Ed. Sanford, who pitched a wonderful game last Sunday against the Superbas. With Sanford in the box the fans can expect the pitching end of the game to be well taken care of and Sanford will work hard to beat the All-Pros Sunday. He made a great impression on the fans and although he was never forced to extend, showed that he had the stuff and this Sunday even greater things are expected of him.

The largest crowd of the season is expected Sunday as the All-Pros are a guaranteed attraction and should be a drawing card. Manager Fisher announces that if the fans show him that they will support fast ball he will even go farther than he has towards strengthening the team. The All-Pros are a high class team and the expense of getting them here is greater than the ordinary teams. But Fisher is determined to give the fans the best and for this reason the team was booked.

The All-Pros have such well known players as Jack Pfeister, formerly with the Chicago Cubs, Bartley, Leake, Kunkle, Ragsdale Golden and several others. Pfeister will probably start the game in the box for the All-Pros. Leake, another of their pitchers defeated Connorsville a few Sundays ago and only last Sunday lost to the Wiedmanns by a three to two score.

The All-Pros will line up as follows: Ragsdale and Toss, catch; Pfeister, Bartley, Leake or Golden, pitch; Kunkle, first; Barton, second; Williams, short; Reggy, third; Orval Woodruff, left; Hollis, center; Breitenstein, right.

Manager Fisher has signed one new player. His name is Finley and he will be seen in right field. Finley is said to be a good hitter and should help the team. The game Sunday will no doubt be another pitcher's battle and with support behind Sanford Rushville hopes to take the All-Pros into camp.

### DR. RICHMOND IS SOLD FOR \$2,000

Rush County Gelding, Son of New Richmond, Brings Big Price For Rhodes and McKay.

WAS CAMPAIGNED LAST YEAR

Dr. Richmond, the gray gelding that was raised in Rush county and first trained by Ollie Cook of New Salem, has been sold by J. W. Rhodes and Robert McKay, joint owners of the horse, of Greensburg, to G. W. Lasell, a millionaire horseman of Whitinsville, Mass., for \$2,000. The horse was sired by New Richmond, 2:06½, formerly in the stable of Harie Jones here, and his dam was by the son of Artemus, by Hamiltonian.

While yet a colt the horse was bought by Millard White of Shelby county. He showed such promise that J. W. Rhodes, the expert horseman of Greensburg, bought him. A half interest in the horse was later sold to McKay. Last season Rhodes campaigned Dr. Richmond for seven weeks and never finished farther behind than second or third. He had no desire to mark the "green" horse.

### INSIST HUERTA IS TO BE OVERTHROWN

Mexican Refugees Arriving at Vera Cruz From Capitol Say Dictator Will be Dislodged.

TODAY THEIR FOURTH OF JULY

(BY WILLIAM G. SHEPHERD) (U. P. Staff Correspondent.)

Vera Cruz, May 5.—Mexicans outnumber all other nationalities among the fugitives arriving from Mexico City. They insisted today that Dictator Huerta will soon be overthrown amid riot and bloodshed. They declared a plot is now on foot at the Capitol to drive him from power.

Today is Mexico's Fourth of July, the anniversary of Mexico's victory over the French. Anti-American demonstrations are not expected, due to the change in sentiment.

Experts here today estimated that the United States would have to send 95,000 men into Mexico to occupy it successfully. They estimated General Funston would need 25,000 men to take Mexico City.

### MANY OF THE NEW SILKS ARE WONDERFULLY TRANSPARENT, YET DURABLE

Sweet, old-fashioned patterns and colors mark the new silks this season; the violent shades and large designs that were predicted late last season have not met with the expected popularity. Foulards are being used in quaint patterns, such as sprigs and leaves, tiny ovals, pin stripes, crisscrosses and charming black and white designs. Faille is a favored silk for afternoon dresses and for blouses and evening wear there are some very attractive chiffons, sheer to a degree, but remarkably durable. Some of these figured and checked chiffons might easily have been used in Marie Antoinette's day, they are so quaint and old-fashioned looking; these are used for draperies and panniers mostly, although now and then a blouse is made up in one of them showing a rosebud or odd little conventional figure. Taffeta is used for almost all purposes.

The afternoon costume shown in No. 8280-8282 is developed in black taffeta with bodice and plaited overskirt of chiffon cloth in a dull shade of blue. The odd cut to the sleeve and the collar are distinguishing features of this frock, and the two-piece skirt with the plaited overskirt in front and the peg-top effect in back is also attractive.

To copy this costume in size 36, 3 yards of 36-inch material are required for the blouse (8280), and 2 1/2 yards of the same width for the skirt (8282).

A pleasing design for a bordered material is shown in No. 8303. Here an embroidered batiste flouncing is used with pleasing effect. This little dress is appropriate for graduation or summer wear.

For a girl of sixteen, 5 1/2 yards of 36-inch material are needed.

No. 8282—sizes 22 to 30.  
No. 8280—sizes 34 to 42.  
No. 8303—sizes 14 to 18.  
Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

**THIS WOMAN'S SICKNESS**

**Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.**

Baltimore, Md. — "I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health." — Mrs. AUGUST W. KONDNER, 1632 Hollins Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**EAT LESS MEAT IF BACK HURTS**

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

These Chinese motifs are suitable for use on pillows, runners and table-covers of white or colored linen and they may also be used for embroidering waists, dresses, coats and parasols of linen, silk or wool material. The motifs, in pattern No. 14620, may be arranged to form a border or an all-over design. There are 17 of these transfers in the pattern, each 5 by 3 1/2 inches, which should be developed in solid work and outline-stitch in two shades of a color or a combination of blue and yellow.

The solid embroidery should be done with slanted over-and-over stitches taken closely and evenly together. No padding should be used. To do the outline-stitch take consecutive stitches of even length with the needle pointed towards the sewer, taking each stitch back to the middle of the preceding one so as to give the effect of a twisted cord. The thread should always be kept on the left side of the needle.

Guaranteed, hot-iron transfer pattern will be supplied to readers upon receipt of price, 15 cents.

## THIRD ANNUAL MEETING OPENS

Convention of Woman's Franchise League Begins Four Day Session in Indianapolis.

WELCOME BY MAYOR BELL

Is Expected That 500 Women Will be in Attendance—Many Orators on Program.

(By United Press.)  
Indianapolis, Ind., May 5.—Nearly every community in Indiana sent its delegation of women here today to participate in the third annual convention of the Woman's Franchise League of Indiana, which will be in session four days in the Claypoor hotel. Much of the time will be devoted to discussions of organization methods, looking towards the time when a concentrated attempt will be made to obtain the vote for women.  
The league firmly believes that in case of a constitutional convention votes for women would be obtained. For this reason, agitation for such a convention will be started tonight when Prof. Ross F. Lockridge of Indiana University addresses the delegates on the subject: "Indiana's need of a New Constitution."  
"Our summer fight will be on that line," said Mrs. G. M. Henderson, secretary of the league, today. She was speaking of the attempt to obtain a constitutional convention for the state.  
Mayor Bell of Indianapolis will welcome the delegates tonight and Miss Vida Newsom of Columbus will give greetings from the Indiana Federation of Clubs. Mrs. Meredith Nicholson will respond.  
One of the most interesting sessions will be tomorrow night when Mrs. Antoinette Funk, a Chicago attorney, addresses the convention. Mrs. Funk is a practical suffragist, having seen experience as a member of the successful lobby before the Illinois legislature last summer. Mrs. Funk will tell how the three women members of that lobby sounded every member of the Illinois house and senate, how they pulled political wires, coaxed and pleaded with the obdurate ones until they had obtained a promise, and how on the final day after the resolution had passed the senate and had come to a vote before the house, the three women sat in the galleries, praying that each legislator as he came to vote would live up to his promise.  
At the final conference on Friday Mrs. William S. Pryer of Terre Haute will present the report of the resolution committee. This report doubtless will take a firm stand for the constitutional convention. It probably will bind the women to concentrate their efforts to that end.  
Leaders today predicted that five hundred women would be in attendance on these sessions. There were about three hundred last year.

Chester Duryea Fires 7 shots into Parent's Body Today.

(By United Press.)

New York, May 5.—General Hiram Duryea, age 81 years, civil war veteran and wealthy starch manufacturer, was shot to death early today by his son Chester, age 43, as he slept at home. Seven shots were fired into the aged man's body some from an automatic revolver and others from a high-powered rifle. Any one would have caused death.

The police could learn no motive for the shooting and believe the young man was insane.

Soda Dispensers Follow Lead of Ice Cream Makers

(By United Press.)

Huntington, Ind., May 5.—Ice Cream manufacturers having followed the lead of those in many other Indiana cities, raising the price of their product, the soda dispensers have taken the same step, screwing the lid tighter upon the poor consumer. Crushed fruit sundaes will hereafter be 10 cents in Huntington. Sodas and plain syrup sundaes will remain at 5 cents. The soda men made no bones about it, but met in the commercial club, frankly admitting that they had combined to make the raise.

## DEPOSIT LIMIT TO BE ABOLISHED

Congress Will Amend Postal Savings Law so Any Amount in Excess of \$100 May be Deposited

### MAY INCREASE TOTAL AMOUNT

Maximum Sum upon Which Interest is Paid Will be \$1,000 Instead of \$500 as at Present

Local people who have taken advantage of the postal savings law will be interested in the proposed amendment now before the senate whereby any amount in excess of \$100 may be deposited in any one month. Under the present provisions not more than \$100 may be deposited in one month by the same person. It is also proposed to amend the law by increasing the maximum amount upon which interest will be paid from \$500 to \$1,000.

The total amount on deposit in the postal banks at the end of the last fiscal year was about \$34,000,000, and it is the judgment of Alex M. Dockery, assistant postmaster general in charge of the postal accounts, that the \$100 and \$500 limits have resulted in turning away from the postal banks, in the three years of their existence, a larger sum than the total now on deposit. In other words, the postal banks, because of these limitations, are falling short of doing the work they were intended to do, and the legislation now being enacted is designed to set things right on that point.

The bill went through the House several weeks ago by unanimous consent, and is nearing a vote in the Senate, where it is the unfinished business. Its passage there is certain, although there is some likelihood that it may lead to minor amendments of the new federal reserve act. That act provides that all postal savings funds must be deposited with member banks. Under the present arrangement any bank which qualifies under the law may become a postal depository. It seems to be the feeling of the Senate, as shown in the debate thus far, that the present system should continue in force, and the federal reserve act amended accordingly.

The pending bill has been earnestly recommended by the postmaster general.

The limitations which are now being repealed were put into the postal savings bank act at the request of certain of the banks, which were inclined to believe that, without them, the new system would interfere with the banking business of the entire country. Many persons not bankers but well informed about public affairs, shared this belief, and so it was not difficult to induce congress to act. But in actual operation these fears on the part of the banks have been shown to be groundless. The postal banks have not invaded the domain of private enterprise, nor have they drawn a large sum from the banking houses of the country.

## COMES HERE TO ANSWER CHARGE

George Krack of Vincennes, Until Recently Milroy Druggist, Accused of Selling Whiskey.

### INDICTED BY THE GRAND JURY

Krack Pleads Not Guilty to Three Charges and is Released on \$100 Bond in Each Case.

George Krack, of Vincennes, until two months ago a druggist of Milroy, appeared before Judge Megee this morning to answer three charges for the illegal sale of intoxication. He was indicted by the last grand jury and came here with his father, Frank Krack, on his own accord, answering the warrant sent by the sheriff.

In the three indictments he is alleged to have sold one-half pint of whiskey to Ray Richey on or about January 1, one-half pint of whiskey to Bert Lyons and one quart of whiskey to Albert Land. In the indictment charging the illegal sale to Lyons the time is placed on or about January 6 and in the indictment in which he is alleged to have sold the quart to Albert Land the time is definitely fixed as December 12, 1913.

Wallace Morgan appeared for Mr. Krack and moved that the indictments be quashed. Judge Megee after hearing the argument decided that the indictments were good and overruled the motion. Krack was released on \$100 bond in each of the three cases, his father going on his bond. The cases will likely be tried this term of court.

In seeking to quash the indictments the defendant held that it was necessary to give the exact time and that the words "intoxicating liquor" as set forth in the indictments were not enough. On these grounds it was attempted to have two of the indictments quashed while not much effort was made to quash the one in which it was alleged Krack sold the quart to Albert Land.

In the indictments it stated that Krack received thirty-five cents for the two half-pints of whiskey and \$1.25 for the quart he sold to Land. The argument on the motion to quash was heard this morning and Judge Megee returned his decision this afternoon.

## COMPLETE PLANS FOR BARGAIN DAY

Sub-Committee of the Retail Merchants Committee Holds "Big Wednesday" Meeting.

### OUTDOOR ATTRACTIONS

A sub-committee of the retail merchants committee of the Chamber of Commerce of Rush county met last night at the C. of C. headquarters in the Odd Fellows building and completed the final arrangements for the first "Big Wednesday" of the season which will be held May 20. Plans were made for raising the money to defray the expenses of the day and other details were attended to.

Tentative announcements have already been made concerning the entertainments for the day. It was definitely settled last night that there would be two different high class outdoor attractions. One platform will be located in the court house yard and another will be erected at the corner of Second and Main streets. Afternoon and evening band concerts will be given and the motion picture shows will be free from one to five in the afternoon.

## PROF. O. L. RABER TO LEAVE FACULTY HERE

Head of Science Department in High School Accepts Assistantship in Harvard University.

### HE HAS HAD TWO GOOD OFFERS

Prof. Oran L. Raber, head of the science department in the local high school, today tendered his resignation to the school board, to take effect at the close of the present term. Mr. Raber has received two offers, one from Chicago university and the other from Harvard university, the latter of which he has accepted. Mr. Raber will be in charge of an assistantship in the department of Botany, which will probably be assisting in the laboratory of plant physiology.

Prof. Raber received his degree from Indiana university and after a year of experience in teaching, he came to this city, where he has taught for the last two years. He will also complete his master degree in Harvard. He is a brilliant young man and is destined to have a great future. It will be with much regret to the board and the students that he will leave this city, and all wish him much success in his new field.

## CONTEST WILL BE HELD HERE

Meeting to Determine Who Shall Represent Sixth District in State Oratorical Event.

### IT WILL TAKE PLACE MAY 15

Final Contest Between District to Determine State Winner at Bloomington May 29.

L. B. Smelser, teacher of public speaking in the high school, has just been notified that he was successful in his efforts to bring the sixth district contest of the State High School Discussion League to Rushville. The meeting to determine who shall represent the district in the state contest at Bloomington, May 29 will be held May 15.

The rules of the League call for a county contest to determine who shall represent the county in the district contest, but as no one has signified their intentions of trying for the honor with the exception of Vernal Casady, it is likely that he will be representative.

The rules and regulations of the league are self explanatory and are as follows:

All Commissioned, Certified and Non-Certified High Schools of Indiana are eligible to membership, and any bona fide undergraduate student of same under 21 years of age may compete.

The entire series shall consist of a local contest, a county contest, a district contest, and a final contest. Each contest shall be for individual honors. The winner of the local contest shall represent his school in the county contest; the winner of the county contest shall represent his county in the district contest, and the winner of the district contest shall represent his district in the final state contest.

The topic for discussion in all contests shall be, "New Constitution for Indiana." Each participant shall attack the subject from his own view-point, and shall have eight minutes for constructive speech, and three minutes for rebuttal speech. The order of speaking shall be determined by lot immediately before the contest, and shall prevail both in the construction and rebuttal speeches. Judgment shall be rendered upon the basis of effective discussion, considering both thought and delivery. No participant shall be permitted to use a manuscript. All contests shall be public.

The topic for discussion in all contests of the local school authorities, and can be held at any time prior to the county contest. The number of participants in local contests shall not be limited.

Each county chairman shall have general control of the county contest of his county.

The district contests shall be held

## MEXICO CITY IN 5 WEEKS

Mexicans Rebels Hope to Capture Capitol in That Time

BY N. C. PARKE  
(U. P. Staff Correspondent.)  
El Paso, Tex., May 5.—That the Rebel forces will possess Satillo and Tampico within five weeks and will be prepared for a final attack on Mexico City was the prediction at Rebel headquarters today. Official dispatches tended to confirm the report that the Federals had evacuated Satillo, fearing Villa's attack.

## ALARM FELT FOR CONSUL'S SAFETY

Administration Attempts Today to Verify Report That John R. Spillman is Held by Maas.

### NERVOUSNESS IS APPARENT

Officials Frankly Admit Situation at Vera Cruz is Menacing With Mexicans Ready to Fight.

(By United Press.)  
Washington, May 5.—The administration was alarmed today over the report that John Spillman, American consul at San Luis Potosi, Mexico, had been held prisoner by General Maas for almost two weeks. Many messages were sent today making inquiries in an attempt to verify or disprove the reports.

A feeling of intense nervousness pervaded official Washington this afternoon. Fears that a sensational break was imminent in the Mexican situation was privately voiced by officials. None would give any reasons for this opinion.

Secretaries Bryan and Daniels, the only cabinet members who would discuss Mexico at all, talked hopefully. Their view was that the situation seemed to be working slowly but surely toward a satisfactory settlement. For publication, at least, they continued to hold the view that the elimination of Carranza from the mediation negotiations was in no way ominous.

Other officials held an opposite opinion. They very frankly characterized the Vera Cruz situation as menacing. They insisted there could be no doubt that the Federals there were preparing to attack the Americans.

Should such an attack take place they said it must be followed by an immediate advance by Funston's men. If the Americans are forced to take the aggressive, they feared it would set all Mexico aflame and bring about what Huerta has been aiming at all along, amalgamation of all factions against the United States.

## BURNING SHIP IS NOT IDENTIFIED

Wireless Today Tells of Viewing it in Ocean, and That None Was on Board Her.

### SMOKESTACK IS OVERBOARD

(By United Press.)  
New York, May 5.—That a large steamship whose identity still remains a mystery has been destroyed by fire in the path of European ships was established beyond a doubt when the following wireless message was received today from the North German Lloyd line steamer, Seydlitz at the local offices.

"Passed largest steamship which was entirely on fire and had evidently been burning for some time. Convinced no one was on board. Name of steamer unrecognizable. Smokestack overboard."

The message was signed by Captain Hargenmeyer. It was relayed here from Sable Island and was dated May 4.

## TRIAL UNDER WAY TODAY

Several Witnesses Heard in Blake-mon-McCann Case at Columbus.

(By United Press.)  
Columbus, Ind., May 5.—The third witness in the ten thousand dollar damage suit of William Blakemon, colored, against Marion McCann, white, which was sent here on a change of venue from Rush county, had been examined up to noon, but nothing except that which has been gone over in former trials was developed. A jury was obtained by noon yesterday and the opening statements were made during the afternoon. Blakemon's claim for damages are based on a false prosecution and false imprisonment charges.

## ENGINELESS TRAIN PLOWS 350 FEET

Derailed Near Lowell, Ind., Today When Mail Clerk Strikes Switch as he Throws Pouch.

### FOUR ARE SERIOUSLY HURT

(By United Press.)  
Lowell, Ind., May 5.—Twenty persons were injured, four seriously, today when Monon passenger No. 4, bound for Chicago, was derailed. A mail clerk struck the switch accidentally when he threw the pouch. The train was running three hours behind schedule.

The engine remained on the track and for 350 feet the engineless train of five cars plowed along the embankment, knocking down telegraph poles, which pierced several wooden coaches.

Those severely hurt were: Miss Dorothy Crawford of Chicago; Miss Mary E. Helm of East Huron, Ky.; Miss Ann Ray, Louisville; C. Unson, negro porter.

## DELINQUENTS ABOUT AS USUAL

Amount of Taxes Left on County Treasurer's Books no Larger Than is Customary.

### SOME PERSONS PAY UP TODAY

Failure to Pay Spring Installment Makes Fall Installment Automatically Fall Delinquent.

This morning only a few hours after the last possible time for paying the spring installment of taxes, several taxpayers went to the county treasurer's office and paid their taxes, including delinquency, which is ten per cent. of the total tax.

The law provides that once the spring installment goes delinquent, the whole year's taxes become due automatically. Further than that the taxpayers not only has to pay the spring and fall installment with the per cent for delinquency, on the spring installment, but also on the fall installment. Approximately fourteen thousand dollars were collected yesterday. The office was not closed until 11 o'clock last night as it was necessary to square accounts the last day. The county treasurer thought the delinquency was not greater than usual this year. All taxes received by mail up to closing time last night were not considered delinquent.

It has been the custom of some treasurers to allow the payment of taxes without the per cent. for delinquency, providing the letter in which the payment was sent bore the postmark of the last day of the legal taxpaying season. This practice has been general until recently.

County Treasurer McBride says the state board of accounts has ruled that taxes sent in by mail must reach the county treasurer's office by the last day for paying taxes. It is held by the state board that it was unfair to allow persons sending checks by mail this privilege, because it might be shown that a man started from California in person the last taxpaying day, but would not arrive until several days after the close of the season.

It was considered unusual that the sum of delinquent taxes should be no larger this spring than last because a few weeks ago the sum of taxes yet unpaid was much larger than usual. At the same time this year the rush did not seem to compare with the customary clamor toward the latter part of the season.

## INCREASE IN SOME DISEASES

While Tuberculosis Has Decreased

There are More Deaths From Heart Trouble and Others

## ANOTHER FORM OF TAXATION

State Takes Better Care of its People Than Citizens do of Themselves Says Hurty.

(By United Press.)

Indianapolis, May 5.—The state of Indiana takes better care of its people than the citizens do of themselves, according to Dr. J. N. Hurty, state health commissioner. He says that while contagious diseases controlled by the state are diminishing, the degenerative diseases, under individual control, are increasing in prevalence. He directs the public attention to the fact that increase in disease is just another form of increased taxation.

He writes as follows for the United Press:

BY DR. J. N. HURTY

(State Health Commissioner)

Since 1900 the deaths from tuberculosis have decreased eight and four-tenths per cent. The typhoid deaths have decreased thirty per cent and the diphtheria deaths seventy per cent. This is very gratifying, but we must not be satisfied, for we can do much better, and besides contentment would mean stagnation, which is the beginning of retrogression.

While rejoicing over our fair victory we must take cognizance of other facts that our vital statistics reveal. These facts are that deaths from heart disease have increased twenty-two percent and brain diseases thirty percent. This means that infectious and contagious diseases, which the state undertakes to control are growing less, but the degenerative diseases, which perforce come under individual control, are increasing. We eat, drink, worry and drug ourselves into heart, kidney and brain diseases.

Dr. Oliver Wendell Holmes has written.

"God gave his creatures light and air And water open to the sky. Man locks him in a frightful lair And wonders why his brother dies."

In the club car of the New York express after a hearty dinner of meats and rich foods topped with black coffee, fifteen men were gathered still further to disturb their health balance of heart, kidneys and brain with liquors and nicotine. Before retiring, I saw two of the certain-to-be-elected candidates for apoplexy or brights take tablets to make them sleep. These suicides doubtless wonder why women are so much freer from the degenerative diseases than men.

Disease is plainly self inflicted. It is latent in man at all times on account of his persistent violations of the laws of well being. Insurance and other collected data shows that probably not more than twenty-five per cent in any community, are doing a full day's work such as they would be capable of doing if they were in perfect health. This adds to the length of the school course, to the cost of production in all directions, to decrease in happiness and increase of taxes.

We are all fighting increased taxation by railing at the taxing powers, not recalling that ill health and disease with their attendant inefficiency, crime, insanity, pauperism and feeble mindedness are the cause. Man has ever endeavored to secure strength by lopping off the branches of evil instead of laying the ax at the root. To lesson taxes one must obtain better health—and with it the accompanying efficiency.

## Kiss Your Washboard Goodbye!

Take a Rest While WASHEE WAFERS Cleanse the Big Wash in 30 Minutes.

There has never been anything in all history like WASHEE WAFERS. They are the new scientific discovery for cleaning clothes, and the wonderful part.

It is that they contain not an iota of lye, potash, alkali, acid, soda or any of the various washing compounds which eat up and ruin clothes. One WASHEE WAFER to a big boilerful of clothes will loosen and remove every particle of dirt from every part of your clothes, even from those places where the dirt is just ground in, and make the clothes whiter and cleaner than you ever had them before. In half an hour while you are sitting down taking a rest, WASHEE WAFERS operates through the combustion of millions of tiny steam globules in the water. There is nothing in WASHEE WAFERS which can possibly "eat up" clothes. Try them on wash-day and see a modern miracle take place. They clean woolen, linen, muslin, cotton, the finest laces, any cloth to perfection. Your clothes will wear longer if you use WASHEE WAFERS. Quit your slavery at the tub, forever. Save laundry bills by cutting out the laundress. WASHEE WAFERS do all the cleaning. All you do is rinse the clothes and hang them up to dry.

WASHEE WAFERS, 4 in a package, enough for 4 big washings, are sold at all grocers, 10c a package, or sent direct by THE REYEM CO., Washash, Ind.

WASHEE WAFERS are sold in Rushville by all Leading grocery Stores.

## We Have Noticed that a FLEA is In a Class by Himself

when it comes to getting results—no matter how big his territory he covers it and after he covers his territory you know he has been there. The only difference between the territory we work in the buggy business and the territory the flea works in we leave everybody in a satisfied frame of mind and we reckon the flea doesn't. There are lots of fellows selling buggies, however, that are like the flea. They jump over lots of territory, get a bite here and there and don't care whether you are satisfied or not, but we do want your business all the time and that is the reason we make our buggy guarantee as good as old line life insurance. We tell you what to expect from a buggy we sell you and then see that you get it. That is the way we are going to keep what we have and build more. We want you in on this proposition and extend you an invitation to call on us for your vehicle needs.

The Princess offers a two reel Vitagraph feature "Doctor Polly," for the first picture tonight. Lillian Walker and Wallie Van are featured. It is a comedy-drama and is said to be a novel production. The other is a Biograph comedy "Because of a Hat."  
The Gem will show a two reel Victor drama "The Stepmother" for the first picture tonight. Florence Lawrence is featured. It is said to be a dramatic production and is an interesting picture. The other is a Nestor comedy entitled "One of the Finest." Eddie Lyons and Beatrice Van are featured.  
"In Hearts Adrift," the feature picture which will be shown at the Portola theater next Friday, matinee and night, Mary Pickford, the renarr little "movies" star, portrays a character entirely new to her followers, that of Nina, a little eastaway, who is washed ashore, after a shipwreck, on a South Sea Island. Nina survives the hardships of the desolate island, and leads a primitive life subsisting on fruit, fish and herbs, and contriving crude garments from skins and fibre. This charming, natural environment will add interest to the native, bewitching characterization of Miss Pickford. Mary Fuller will have the leading roll in "The Ghost of Mother Eve," which will be shown tonight. The second number of "Dolly of the Dailies" will be on the program. "A Fight For a Million," a big feature, will also be a part of the program.

**Chapter 1,000.**

The thousandth chapter of the story of the return to the Republican party may be found in the dispatch from Pittsburg which tells of the complete registration returns which have been announced there. Other chapters will be added rapidly because the "get together" movement is apparent in every section of the country.

The most astonishing and gratifying fact to Republicans that may be gleaned from the returns is that the total Republican registration is five times as great as the vote for Taft in 1912. Furthermore, an even more astonishing revelation is that the Republican registration is almost a thousand greater than the total vote cast for all candidates for president in the same territory in 1912.

The total presidential vote in the city and county in 1912 was 126,334. Strange as it may seem, the registration now shows 127,041 Republican voters. In 1912 the Republican vote, or the vote for Mr. Taft for President, was 23,822. The Democratic vote, or the vote for President Wilson in 1912, 31,417. The Democratic registration this year is only 19,452.

The combined strength of the registration of the Washington Progressive, and Roosevelt progressive parties, is less than one-fifth of the vote cast for Roosevelt in 1912. Pennsylvania members of the congress assert that in spite of the fact that Gifford Pinchot is the Progress-

sive candidate for senator in the state, the showing in Pittsburg is an indication of the "get together" movement that is going on throughout the state.

**Two Good Men**

The following tribute is paid to Hugh T. Miller and Judge Ed. Jackson, candidates respectively for United States senator and secretary of state by W. S. Chambers, a member of the Democratic state central committee in his newspaper, the New Castle Times:

"We wish to congratulate the Republicans on two nominees on their state ticket, Judge Ed Jackson for secretary of state, and Hugh Th. Miller for United States senator. The people of this community are familiar with the arrangements and high ideals of Judge Jackson and know that he would make an excellent official. It has been the pleasure of the writer of this paragraph to serve on the board of trustees of one of the state institutions with Hugh Th. Miller for the last four years. He is a man of unusual ability, and a close student of all public affairs. As a man he is a fine character, and the Republicans of Indiana have honored their party by selecting him as their leader for this year."

**What Our Neighbors Are Talking About**

**Time to Stop**

(Washington, Ind. Herald)

Governor Ralston, in his apology to the people of Indiana for the extravagance of the recent five years of Democratic state administration, contained in his speech as temporary chairman of the Democratic state convention, declared that the Democratic legislature had increased the net levy of taxes for state purposes but 6 1/2 cents on the \$100 of taxables. Only 6 1/2 cents on the \$100! That sounds like a trifling increase, doesn't it? But wait—take your pencil for a moment.

That means \$6.75 on each \$100,000 of taxables; \$67.50 on each \$1,000,000; \$675.00 on each one million of taxable property. The total tax valuation of property in the state of Indiana is \$1,898,207,235. For the sake of ease in making the calculation we shall call the sum in round figures one billion, nine hundred millions. That is, nineteen hundred millions. Nineteen hundred times \$675 is, therefore, \$1,282,500. That's what the little levy of 6 1/2 cents on the \$100 added by the recent Democratic legislature to the taxation rate for state purposes alone will cost the taxpayers of Indiana each year. Nearly a million and a quarter dollars more than last year. At the same time the tax valuations of the assessments of 1909, the last year of Republican administration, the aggregate sum of \$155,760,760.

Isn't it high time for the people of Indiana to begin soberly to take stock of conditions? Isn't an invoice about due? Aren't they ready to check this wild rush of the politicians for more government, more additions to the already large army of public officers, more burdens for the already overburdened taxpayers? In the name of common sense, how far do these persons who storm the doors of political conventions with their imperative demands and threat-

ening insistence, for more laws and more taxation expect to go?

Direct primaries! Constitutional conventions! Registration laws! Commission without number! Widows' pensions! Old age pensions! Teachers' pensions! A man with official authority and in the pay of the state standing in espionage over every producer, over every citizen whose enterprise and thrift spur him on to achieve things! There must be a halt, else the ever rising tide of taxation will swell and swell until it becomes a legalized process for the indirect confiscation of property.

**MEDIATION IS ON THE ROCKS**

**A. B. C. Diplomats Will Have to Shorten Scope of Plan Which Would Pacify All Mexico.**

**CARRANZA REJECTS PLAN**

**Life of American Consul at San Luis Potosi is Threatened by Mexicans, According to Reports.**

Washington, May 5.—Mediation for the pacification of Mexico is on the rocks; mediation for a settlement of the differences between the United States and General Huerta continues, but without prospect of success.

The A. B. C. mediators have withdrawn their tender of good offices for the pacification of Mexico so far as General Carranza is concerned, owing to his refusal to appoint a representative to confer on the fundamental question of peace in Mexico. General Carranza and his militant lieutenant, General Villa, have been dropped by the mediators as possible parties looking toward a reign of quiet in their turbulent land. As a result, mediation is near confessed failure.

General Carranza's acceptance of friendly offices is necessary to peace in the southern republic; General Huerta's acceptance of President Wilson's demand for his elimination is necessary to a satisfactory settlement of their differences; both essentials are lacking. This is the tenor of reports from the mediation conference tonight.

Government departments tonight gave out no information regarding the situation at Vera Cruz, where 11,000 Mexican troops are camped in a circle about that city.

At the close of the afternoon meetings of the A. B. C. mediators, which Secretary of state Bryan attended, it was reported that they had informed the Secretary of State that they were ready to abandon their program for the present. It was stated, although no announcement was made by members of the conference, that the mediators had undertaken a settlement of the Mexican situation with out preference or favoritism to any faction, but that they had become convinced that the United States is using their offices to play Carranza against General Huerta.

News reached here that John R. Silliman, acting American Consul at San Luis Potosi, has been a prisoner in the hands of General Joaquin Maas, a Federal Commander, for 11 days, and has been threatened every night with execution. The information about Mr. Silliman's predicament was brought to Vera Cruz by two American newspaper correspondents, who had come to Mexico recently on the invitation of Provisional President Huerta. They also were imprisoned, but were afterward released.

Reports of Federal activities in the interior from Vera Cruz were received. General Gustavo Maas was said to have blown up the San Francisco Bridge on the narrow gauge railroad, which was the line used by General Scott in his advance on Mexico City in 1847.

**HUERTA HELD UP HIS MAIL**

(By United Press.)

New Orleans, May 5.—"I'm dam glad to be back in the United States," said Nelson O'Shaughnessy, former United States charge in Mexico, when he arrived here today from Vera Cruz. He will leave here tonight, going direct to Washington.

A messenger boy waited at the dock all night with a telegram which O'Shaughnessy said was from Secretary Bryan instructing him to hurry to Washington with all possible haste.

"I don't expect to be sent back to Mexico City," he said. "They usually send back a new man."

Asked his opinion of Huerta, he said his dealings with him were largely of a business nature and he could not express his opinion.

"The situation was acute when I left," he said. "Huerta had held up my mail and telegrams for two days."

### SPECIAL TRAIN TO SHELBYVILLE

Will Carry Rushville Rooters to Oratorical and Track Meet to be Held There Friday.

OVER 100 WILL MAKE TRIP

Enthusiasm at High Point in Local School and Team Hopes to Make Good Showing.

A special train over the Pennsylvania has been chartered to carry the crowd of high school students to Shelbyville Friday for the oratorical and track meet of the Central Indiana High School league. The train will leave at eleven o'clock Friday morning and returning will leave Shelbyville at eleven-thirty o'clock that night.

The tickets for the special are good returning on any regular train and the regular fare of eighty cents for the round trip will prevail. In order to secure the special train it was necessary to guarantee the railway company one hundred people and all who plan to go to Shelbyville are urged to buy their tickets of Prof. Smelser.

The track meet will begin at one-fifteen o'clock and the train will reach Shelbyville in time for this. Yell practice in preparation for the event is being held every evening after school and the Rushville delegation of rooters will be well organized. Rushville expects their orator, Miss Leah Flint to capture the oratorical contest and the supporters will root hard for a victory. Miss Flint will give her oration tomorrow morning at eight-forty o'clock before the high school.

The local high school is showing great enthusiasm over the track and field meet as well as over oratorical. While the track team does not expect to win the meet the team expects to make a good showing. Only a small team will be taken and the events in which Rushville will be represented are the dashes, shot put and relay. The team has no pole vaulter, hurdlers or distance runners and will be content to make a showing in the dashes.

Other schools in the contest are Greenwood, Westfield, Sheridan, Greenwood, and Shelbyville. The local team has been practicing every day and hopes to make a good showing. Shelbyville is preparing to entertain a large crowd from all the cities represented and the first meeting of the league will no doubt be a success.

Huntington Men Repeat Successful Venture of Last Year.

(By United Press.)

Huntington, Ind., May 4.—Committees of Huntington business men will soon be easy securing the surrounding territory, distributing posters and bills, advertising "Booster day" which will be held here June 2. This day was a big success last year in attracting attention to Huntington. When the Commercial Association started a subscription list recently with a gift of \$100, the merchants fell in line and sufficient funds were forthcoming immediately. Huntington promises to furnish adequate entertainment for visitors on that day.

### EXPECT GREAT BATTLE SUNDAY

Sanford For Rushville Will be Opposed by Jack Pfeister, Former Cub, For All-Pros.

HIGH CLASS ATTRACTION

Team Composed of Players Who Have Seen Service in Major and Minor Leagues.

(By Doc Hiner.)

The Rushville team faces one of the hardest games of the season Sunday when it meets Jack Benny's bunch of All-Professionals of Cincinnati. Benny's team is composed of players who have seen service in major and minor leagues. It is the intention of the Rushville management to give the fans the best attractions and this team is one of best of the season.

Manager Fisher has succeeded in retaining Ed. Sanford, who pitched a wonderful game last Sunday against the Superbas. With Sanford in the box the fans can expect the pitching end of the game to be well taken care of and Sanford will work hard to beat the All-Pros Sunday. He made a great impression on the fans and although he was never forced to extend, showed that he had the stuff and this Sunday even greater things are expected of him.

The largest crowd of the season is expected Sunday as the All-Pros. are a guaranteed attraction and should be a drawing card. Manager Fisher announces that if the fans show him that they will support fast ball he will even go farther than he has towards strengthening the team. The All-Pros. are a high class team and the expense of getting them here is greater than the ordinary teams. But Fisher is determined to give the fans the best and for this reason the team was hooked.

The All-Pros have such well known players as Jack Pfeister, formerly with the Chicago Cubs, Bartley, Leake, Kunkle, Ragsdale Golden and several others. Pfeister will probably start the game in the box for the All-Pros. Leake, another of their pitchers defeated Connersville a few Sundays ago and only last Sunday lost to the Wiedmanns by a three to two score.

The All-Pros will line up as follows: Ragsdale and Toss, catch; Pfeister, Bartley, Leake or Golden, pitch; Kunkle, first; Barton, second; Williams, short; Reggy, third; Orval Woodruff, left; Hollis, center; Breitenstein, right.

Manager Fisher has signed one new player. His name is Finley and he will be seen in right field. Finley is said to be a good hitter and should help the team. The game Sunday will no doubt be another pitcher's battle and with support behind Sanford Rushville hopes to take the All-Pros into camp.

### DR. RICHMOND IS SOLD FOR \$2,000

Rush County Gelding, Son of New Richmond, Brings Big Price For Rhodes and McKay.

WAS CAMPAIGNED LAST YEAR

Dr. Richmond, the gray gelding that was raised in Rush county and first trained by Ollie Cook of New Salem, has been sold by J. W. Rhodes and Robert McKay, joint owners of the horse, of Greensburg, to G. W. Lasell, a millionaire horseman of Whitinsville, Mass., for \$2,000. The horse was sired by New Richmond, 2:06½, formerly in the stable of Harie Jones here, and his dam was by the son of Artemus, by Hamiltonian.

While yet a colt the horse was bought by Millard White of Shelby county. He showed such promise that J. W. Rhodes, the expert horseman of Greensburg, bought him. A half interest in the horse was later sold to McKay. Last season Rhodes campaigned Dr. Richmond for seven weeks and never finished farther behind than second or third. He had no desire to mark the "green" horse.

### INSIST HUERTA IS TO BE OVERTHROWN

Mexican Refugees Arriving at Vera Cruz From Capitol Say Dictator Will be Dislodged.

TODAY THEIR FOURTH OF JULY

(BY WILLIAM G. SHEPHERD)  
(U. P. Staff Correspondent.)

Vera Cruz, May 5.—Mexicans outnumber all other nationalities among the fugitives arriving from Mexico City. They insisted today that Dictator Huerta will soon be overthrown amid riot and bloodshed. They declared a plot is now on foot at the Capitol to drive him from power.

Today is Mexico's Fourth of July, the anniversary of Mexico's victory over the French. Anti-American demonstrations are not expected, due to the change in sentiment.

Experts here today estimated that the United States would have to send 95,000 men into Mexico to occupy it successfully. They estimated General Funston would need 25,000 men to take Mexico City.

### MANY OF THE NEW SILKS ARE WONDERFULLY TRANSPARENT, YET DURABLE

Sweet, old-fashioned patterns and colors mark the new silks this season; the violet shades and large designs that were predicted late last season have not met with the expected popularity. Foulards are being used in quaint patterns, such as sprigs and leaves, tiny ovals, pin stripes, crisscrosses and charming black and white designs. Faille is a favored silk for afternoon dresses and for blouses and evening wear there are some very attractive chiffons, sheer to a degree, but remarkably durable. Some of these figured and checked chiffons might easily have been used in Marie Antoinette's day, they are so quaint and old-fashioned looking; these are used for draperies and panniers mostly, although now and then a blouse is made up in one of them showing a rosebud or odd little conventional figure. Taffeta is used for almost all purposes.

The afternoon costume shown in No. 8280-8282 is developed in black taffeta with bodice and plaited overskirt of chiffon cloth in a dull shade of blue. The odd cut to the sleeve and the collar are distinguishing features of this frock, and the two-piece skirt with the plaited overskirt in front and the peg-top effect in back is also attractive.

To copy this costume in size 36, 3 yards of 36-inch material are required for the blouse (8280), and 3 1/2 yards of the same width for the skirt (8282).

A pleasing design for a bordered material is shown in No. 8303. Here an embroidered batiste flouncing is used with pleasing effect. This little dress is appropriate for graduation or summer wear.

For a girl of sixteen, 5 1/2 yards of 36-inch material are needed.

No. 8282—sizes 22 to 30.  
No. 8280—sizes 34 to 42.  
No. 8303—sizes 14 to 18.  
Each pattern 15 cents.

Registry No. 47382

### Sound, Pure-Bred Trotting Stallion

Enrollment No. 3842.

Will be in service this year at the CASPER JOHNSON Stables, 2 miles west of Rushville, Ind., on the Shelbyville Pike. Phone No. 4106, 1-L, 1-S, 1-L. Parties will be met at Rushville by appointment any day or evening at the Grand Hotel Barn.

BAY DILLON is a rich bay with white points and has more size, substance, speed and finish than any horse that you will find in miles of travel. With a limited amount of training, he has shown his ability to step a mile in 2:10, having been a half in 1:04, and is also a successful blue ribbon winner, his shows including the Chicago International.

He is bred in the purple, being by the world's champion sire, SIDNEY DILLON. No other sire in breeding history has ever gotten six such trotters as Lou Dillon, the world's fastest trotting mare (1:58); Helen Styles, 2:06 1/2; Ruth Dillon, (4) 2:06 1/2; Dolly Dillon, 2:06 1/2 (to wagon); Stanley Dillon, 2:07 1/2, (winning the M. and M.); Louise Dillon, (4) public trial, 2:06 1/2 and sold for \$15,000. Six trotters with average time of 2:05 1/2.

His dam, the great mare, Ione Churchill, Vol. 18 by Walkill Prince 2797 by Hambletonian 10, the dam of Czarina Dawson, 2:09 1/2, and Walkill Wilkes 2:13 1/2, (over one-half mile tracks); Kate Fields, 2:24 1/2, (pacing).

TERMS—\$20.00 to insure living colt, due when foaled. \$15.00 the season with return privilege due when mare is bred.

Baltimore, Md.—“I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health.” — Mrs. AUGUST W. KONDNER, 1632 Hollins Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Fresh supply Mrs. Austin's Bag Buckwheat now on hand at your grocers.

These Chinese motifs are suitable for use on pillows, runners and table-covers of white or colored linen and they may also be used for embroidery on dresses, coats and parasols of linen, silk or wool material. The motifs, in pattern No. 14620, may be arranged to form a border or an all-over design. There are 17 of these transfers in the pattern, each 5 by 3 1/2 inches, which should be developed in solid work and outline-stitch in two shades of a color or a combination of blue and yellow.

The solid embroidery should be done with slanted over-and-over stitches taken closely and evenly together. No padding should be used. To do the outline-stitch take consecutive stitches of even length with the needle pointed towards the sewer, taking each stitch back to the middle of the preceding one so as to give the effect of a twisted cord. The thread should always be kept on the left side of the needle.

Guaranteed, hot-iron transfer pattern will be supplied to readers upon receipt of price, 15 cents.

Value of RHEUMA From the Court

Judge Barhorst Was Relieved of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for Rheumatism and found they failed, do not be skeptical about trying RHEUMA. Read the testimony of Judge John Barhorst of Fort Laramie, O.:

"After treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy, and I am still as well as ever. Previously, I was a cripple, walking with crutches."

Such testimony should be convincing. 50 cents of F. B. Johnson & Co. guaranteed.

Convention of Woman's Franchise League Begins Four Day Session in Indianapolis.

**WELCOME BY MAYOR BELL**

Is Expected That 500 Women Will be in Attendance—Many Orators on Program.

(By United Press.)

Indianapolis, Ind., May 5.—Nearly every community in Indiana sent its delegation of women here today to participate in the third annual convention of the Woman's Franchise League of Indiana, which will be in session four days in the Claypoor hotel. Much of the time will be devoted to discussions of organization methods, looking towards the time when a concentrated attempt will be made to obtain the vote for women.

The league firmly believes that in case of a constitutional convention votes for women would be obtained. For this reason, agitation for such a convention will be started tonight when Prof. Ross F. Lockridge of Indiana University addresses the delegates on the subject: "Indiana's need of a New Constitution."

"Our summer fight will be on that line," said Mrs. G. M. Henderson, secretary of the league, today. She was speaking of the attempt to obtain a constitutional convention for the state.

Mayor Bell of Indianapolis will welcome the delegates tonight and Miss Vida Newsom of Columbus will give greetings from the Indiana Federation of Clubs. Mrs. Meredith Nicholson will respond.

One of the most interesting sessions will be tomorrow night when Mrs. Antoinette Funk, a Chicago attorney, addresses the convention. Mrs. Funk is a practical suffragist, having seen experience as a member of the successful lobby before the Illinois legislature last summer. Mrs. Funk will tell how the three women members of that lobby sounded every member of the Illinois house and senate, how they pulled political wires, coaxed and pleaded with the obdurate ones until they had obtained a promise, and how on the final day after the resolution had passed the senate and had come to a vote before the house, the three women sat in the galleries, praying that each legislator as he came to vote would live up to his promise.

At the final conference on Friday Mrs. William S. Pryer of Terre Haute will present the report of the resolution committee. This report doubtless will take a firm stand for the constitutional convention. It probably will bind the women to concentrate their efforts to that end.

Leaders today predicted that five hundred women would be in attendance on these sessions. There were about three hundred last year.

## DEPOSIT LIMIT TO BE ABOLISHED

Congress Will Amend Postal Savings  
Law so Any Amount in Excess of  
\$100 May be Deposited

MAY INCREASE TOTAL AMOUNT

Maximum Sum upon Which Interest

is Paid Will be \$1,000 Instead of  
\$500 as at Present

Local people who have taken advantage of the postal savings law will be interested in the proposed amendment now before the senate whereby any amount in excess of \$100 may be deposited in any one month. Under the present provisions not more than \$100 may be deposited in one month by the same person. It is also proposed to amend the law by increasing the maximum amount upon which interest will be paid from \$500 to \$1,000.

The total amount on deposit in the postal banks at the end of the last fiscal year was about \$34,000,000, and it is the judgment of Alex M. Dockery, assistant postmaster general in charge of the postal accounts, that the \$100 and \$500 limits have resulted in turning away from the postal banks, in the three years of their existence, a larger sum than the total now on deposit. In other words, the postal banks, because of these limitations, are falling short of doing the work they were intended to do, and the legislation now being enacted is designed to set things right on that point.

The bill went through the House several weeks ago by unanimous consent, and is nearing a vote in the Senate, where it is the unfinished business. Its passage there is certain, although there is some likelihood that it may lead to minor amendments of the new federal reserve act. That act provides that all postal savings funds must be deposited with member banks. Under the present arrangement any bank which qualifies under the law may become a postal depository. It seems to be the feeling of the Senate, as shown in the debate thus far, that the present system should continue in force, and the federal reserve act amended accordingly.

The pending bill has been earnestly recommended by the postmaster general.

The limitations which are now being repealed were put into the postal savings bank act at the request of certain of the banks, which were inclined to believe that, without them, the new system would interfere with the banking business of the entire country. Many persons not bankers, but well informed about public affairs, shared this belief, and so it was not difficult to induce congress to act. But in actual operation these fears on the part of the banks have been shown to be groundless. The postal banks have not invaded the domain of private enterprise, nor have they drawn a large sum from the banking houses of the country.

## SHOOTS FATHER IN HIS BED

Chester Duryea Fires 7 shots into  
Parent's Body Today.

(By United Press.)

New York, May 5.—General Hiram Duryea, age 81 years, civil war veteran and wealthy starch manufacturer, was shot to death early today by his son Chester, age 43, as he slept at home. Seven shots were fired into the aged man's body some from an automatic revolver and others from a high-powered rifle. Any one would have caused death.

The police could learn no motive for the shooting and believe the young man was insane.

Soda Dispensers Follow Lead of  
Ice Cream Makers

(By United Press.)

Huntington, Ind., May 5.—Ice Cream manufacturers having followed the lead of those in many other Indiana cities, raising the price of their product, the soda dispensers have taken the same step, screwing the lid tighter upon the poor consumer. Crushed fruit sundaes will hereafter be 10 cents in Huntington. Sodas and plain syrup sundaes will remain at 5 cents. The soda men made no bones about it, but met in the commercial club, frankly admitting that they had combined to make the raise.
